PROFILE SUMMARY

Second-year Software Engineering student with foundational knowledge in full-stack web development (**ReactJS** and **Node.js**). Passionate about problem solving, quick to learn, and eager to contribute to a dynamic product team.

EDUCATION

- **University of Information Technology (VNU-HCM)** *Sep 2023 – Present*
Bachelor of Software Engineering, GPA: 8.96 *Ho Chi Minh City, Vietnam*
- **Le Quy Don High School for the Gifted** *Sep 2020 – Jun 2023*
English Major *Quang Tri, Vietnam*

CERTIFICATIONS

- **IELTS – Band 7.0** *Issued: 2022*
British Council

SKILLS SUMMARY

- **Programming Languages:** JavaScript, TypeScript, C++
- **Frameworks & Libraries:** ReactJS, NodeJS, Zustand, Ant Design, Framer Motion, TailwindCSS
- **Tools & Platforms:** Git, Vite, Cloudinary, Prisma ORM
- **Databases:** PostgreSQL, MongoDB, MS SQL Server

PROJECTS

- **QuickEat – Food Delivery Platform** *2025*
Frontend-Focused Fullstack Developer — Solo Project
 - **Built a fullstack food delivery app:** Implemented UI from available design, developed search/filter/order features, and integrated AI chatbot via OpenAI API.
 - **Secured and managed user data:** Used OAuth 2.0 JWT for authentication; managed state with Zustand; integrated Nodemailer to send confirmation emails.
 - **Enhanced UX:** Designed responsive UI and intuitive order flow to optimize user experience.
 - **Custom animations:** Customized several TailwindCSS animations to make the website more dynamic and engaging.
 - **Tech Stack:** React, TypeScript, TailwindCSS, Ant Design, Zustand, Node.js, Prisma, Cloudinary, MaterialUI
 - **Link:** quick-eat-one.vercel.app
- **MovieBox – Movie Streaming Web App** *2024*
Frontend Developer — Team Project (5 members)
 - **Built a movie streaming platform:** Developed UI for user sign-in/out, movie preview, and feedback; collaborated with backend for API integration.
 - **Designed responsive UI components:** Used Ant Design and Material UI to design intuitive UI components for a seamless user experience.
 - **Contributed to animation effects:** Implemented animations for interactive elements to enhance user engagement.
 - **Tech Stack:** React, TypeScript, Vite, Ant Design, Material UI, ContextAPI, Node.js, MongoDB
 - **Link:** movie-box-it008.vercel.app

RELATED COURSES

- **Database:** 9.4/10
- **Object-Oriented Programming (OOP):** 9.1/10
- **Data Structures & Algorithms (DSA):** 8.4/10
